

IMPORTANT NOTICE TO RESIDENTS **MICROSURFACING ROAD WORK** **EMIGRATION CANYON**

Work Hours - 7am to 5pm **SORRY FOR THE INCONVENIENCE**

CLOSURE DATE MON ____ TUE ____ WED ____ THUR ____ FRI ____ SAT ____

Dear Emigration Canyon Residents,

American Pavement Preservation would like to inform you that **microsurfacing road work** will be taking place along **Emigration Canyon Road** to improve pavement conditions and extend the life of the roadway.

Schedule of Work

- Work is scheduled to begin on the date marked above, weather permitting. Working hours will be 7:00 AM to 5:00 PM. Microsurfacing is a wet asphalt mixture that requires **several hours to dry** before vehicles or pedestrians can safely use the surface.

No Access to Residences

- Residents will **not have access to their homes, driveways, or streets while the microsurfacing is being applied and curing**
- Please avoid driving, walking, or biking on freshly applied surface until it has cured, as this can damage the new surface and your vehicle.
- Parking/Access: Please plan for **alternate parking and access, as vehicles left in work zone will be towed**

Traffic Impacts / Pilot Car Setup

- Sections of the road will be temporarily closed to all traffic during the microsurfacing application and curing.
- Pilot cars will be used to safely guide vehicles through work zones. Please follow all traffic control signage and the pilot car's instructions.
- Delays of up to 15–30 minutes may occur. We ask for your patience and recommend allowing extra travel time.

Additional Information

- Garbage and mail services may continue with minimal disruption.
- Emergency access will be maintained at all times.
- **“No Parking” Signs:** Signs will be posted in advance to indicate closure areas and times

TRASH: If your trash pick-up day is the same day that your street/area is scheduled for microsurfacing, your trash will be picked up before we close your area, please have your trash out by 6am.

**TO PREVENT ASPHALT SEAL FROM GETTING ON YOUR VEHICLE
PLEASE DO NOT DRIVE ON THE WET MICROSURFACING**

WE THANK YOU FOR YOUR COOPERATION AND PATIENCE
